

COLLABORATION TO CREATE A SECURE APP

A group of four (aka the Fantastic Four) Fontys Cyber Security Minor students created a secure app which will help to educate a post-genocide Central-Eastern African nation. Rwanda a landlocked country which experienced a genocide in 1994, currently being supported by OWC (One World Citizen) through GRY (Global Radiant Youth) a local Rwandan NGO which helps and facilitates free education for local children. Fontys students made an app which will help to raise funding for GRY to support their current education related projects.

Fontys Cyber Security Minor students and TU/e students volunteer collaboration now sparks a new hope in the post-genocide nation. Fontys students contributed not only creating the donation app, but also make that app secure. Meanwhile, promoting TU/e students project to raise fund through the app created by the Fontys students. Dieudonné Gakire Founder of Global Radiant Youth (GRY) and the author of "A Dreaming Child" express his sincere gratitude for all the help and collaboration.

"APP SPARKS
NEW HOPE"
